## PROJECTS / SOFTWARE DEVELOPMENT EXPERIENCE

---

### Sheltr

<https://github.com/echo1826/sheltr> | <https://sheltr-app.herokuapp.com/>

- **Summary:** MERN stack application that connects users to local animal shelters and saves animals of their liking to make the adoption process easier through a Tinder-like filtering process.
- **Role:** Co-author responsible for mostly front-end development including writing React components and CSS. Coordinated overall design of application from wireframe. Planned a mobile-first approach to styling. Kanban was used amongst teammates to organize individual tasks.
- **Tools:** React, MongoDB, GraphQL, Express.js, Node.js, Bcrypt, Axios, Heroku, GitHub

### Feed Your Lifestyle

<https://github.com/Delmanat3/Feed-Your-Lifestyle> | <https://feed-your-lifestyle.herokuapp.com/>

- **Summary:** Full stack node application that allows users to search recipes based on dietary lifestyles they want to live.
- **Role:** Co-author responsible for mostly back-end development including creating models, CRUD routes, and connecting back-end to front-end layouts.
- **Tools:** Handlebars, Express.js, Node.js, Sequelize, jQuery, Axios, Express Session, Heroku, GitHub

### FanJam

<https://github.com/BradMW/FanJam-Project-1> | <https://bradmw.github.io/FanJam-Project-1/>

- **Summary:** Dynamic front-end application with third-party API calls that allows users to search an artist's song lyrics and is provided with upcoming live events and artist's platforms.
- **Role:** Co-author responsible for writing Javascript functions and directing styling from wireframe.
- **Tools:** HTML, CSS, JavaScript, API, Materialize, Kanban, GitHub

## PROFESSIONAL WORK EXPERIENCE

---

### **United Real Estate**

*February 2016 - January 2022*

#### **Real Estate Agent**

*DFW Metroplex*

- Largest producer recognition July 2018

### **K12**

*February 2021 - August 2021*

#### **Kindergarten Teacher**

*Texas*

- Virtually taught 18 kindergartners who were not offered a virtual option through their local school district during Covid-19.
- Onboarded in one week and adapted quickly to virtual teaching utilizing Newrow Smart Virtual Classroom as platform for online classes.
- Flexibility and effective communication needed daily to advise students and parents who were frustrated with virtual learning and technical difficulties, with only 14% dropout rate from the school.
- Collaborated and analyzed weekly data with 12 teammates to better target students' needs.
- Advocated at a state government level for the continuation of virtual learning for the 90% of students who re-registered for the fall semester.

### **Wesley Prep**

*August 2018 - July 2020*

#### **Pre-K Teacher**

*Dallas, TX*

- Implemented social-emotional teaching techniques for emergent speakers, successfully referring two students to speech-therapy.

### **Plano Independent School District**

*August 2012 - July 2017*

#### **First grade - Team Lead and Teacher**

*Plano, TX*

- Effectively oversaw a team of 5 first grade teachers to implement best-practices, refer to student data, and produce a minimum of 90% on-target rate in each class.
- Delegated team duties and relayed information from weekly administrative meetings quickly.
- Consistently communicated with administration and parents to advocate for students' 100% promotion rate.
- Managed class sizes ranging from 20-25 students, achieving 80% grade-level mastery at benchmark assessments.
